EXPERIENCE

Regnum Resource Ltd. — Software Engineer

February 2022 - Present

Responsibilities:

At Regnum, I was responsible for leading and collaborating with cross-functional teams to build and deliver robust Flutter application. I designed and implemented scalable application architectures, optimized for performance. I was building an Android-based RFID reader Toll Collection app for The Roads and Highways Department(RHD) and in-house app for Regnum.

Dot Com System Ltd. With ICT Division— Trainer (Flutter Development)

September 2021 - January 2023

Responsibilities:

At Dot Com System Ltd. With ICT Division, I worked as a Flutter Development Trainer, where I taught beginner-level students how to build mobile application using Flutter and dart. I designed and delivered practical lessons covering the fundamentals of UI design, state-management and API integration.

Systech Digital Ltd.— Technical Support Engineer
